**Bold events are those in the east region league that we are actively promoting, this should not stop you attending other events if you wish**

**Events in yellow are part of the Eastern Region League**

**Events in Red are the East Region Junior Championship's**

**Events in Blue are the Tristar 2 & Tristar 3 Inter Regional League**

**Events in Green are Club Champ Events**

The league comprises a number of races across the region. Children can take part in all of them if they wish but the league will take the best results across 4 triathlons and 1 other event (triathlon, duathlon or aquathlon). Points are awarded according to the time after the winning time; the winning time gets 10000 points with later times getting a proportion of that.

Please check [www.triathlonengland.org](http://www.triathlonengland.org) for further details on the above events and other events that are not listed.

Many of the events listed above are also available to children under 9 years old, please check event's websites for details

Many of the events can be entered through [www.entrycentral.com](http://www.entrycentral.com)
